Scanning Instructions

Scanning is free!

Scanning to USB device

1. Plug your USB storage device into the slot on the right-edge of the printer lid.
2. Place the document face up in the tray on the top of the printer or on the glass under the lid.
3. Select 'Scan and Store.'
4. Select your device from the list that pops up. (There should only be one)
5. Select the folder the document you want to scan your document to and click 'OK.'
6. Select your options (paper size, double-sided, etc) and then press the green start button. (If prompted, select the paper size)
7. When you are finished scanning, select the eject icon on the bottom of the screen.
8. Select the name of your device and click 'Remove.' A window will pop-up telling you it is safe to remove your device.

Scanning to email

1. Place the document face up in the tray on the top of the printer or on the glass under the lid.
2. Select 'Scan and Send' from the main menu
3. Select 'New Destination.'
4. Select Email
5. Type in your email address and hit ok
6. Press Start (A screen will pop up notifying you that you will receive this document from relay@fortville.lib.in.us, select ok)
7. Check email to be certain that document was received. Large files will be divided into smaller files.
8. When you are finished scanning, select the eject icon on the bottom of the screen.
9. Select the name of your device and click 'Remove.' A window will pop-up telling you it is safe to remove your device.
